**Re: Website Updates effective October 17, 2005**

Mississippi Valley Title is committed to providing the highest level of service to our Agents and Approved Attorneys. One of our goals is to utilize today's technology to enhance the efficiency of your real estate practice. We are pleased to announce that a number of new features have been added to the company's website, [www.mvt.com](http://www.mvt.com). We have designed a password protected area which contains several new features including the following:

**Premium Calculator**

Allows you to compute and print premiums for the various title insurance policies available to your clients.

**Insured Closing Letters**

Allows you to prepare your Insured Closing Letters online for printing, faxing, or emailing directly to the lender. (Instructions will be available on the website for you to view or print.)

To enter the password protected area, you will be prompted to enter a login and a password. Your agent number, shown in the upper right corner of this letter, will initially serve as both your login and your password. Once you have entered the password protected area, you will be able to change your password and we encourage you to do so for security purposes.

We hope that you will find the improved website to be a valuable and useful tool for your practice. We will continue to update it on a regular basis. Please call our Agency Department at 1-800-647-2124 for assistance with any of your questions.
